

A Look inside the Lab: PCR**DNA replication vs. PCR: See - Think - Wonder Graphic Organizer**

Use the organizer below to record your observations about DNA replication compared with PCR.

I see	I think	I wonder
<i>What did you see? Is there anything new that you learned?</i>	<i>What do you think about the two processes? What aspects seem particularly important?</i>	<i>What are you wondering about? What would you like to learn more about?</i>
